## RICHMOND IS READY TO GREET THE LAKE FRANCES TODAY AT 5

Officials and Citizens Will  
Be at Dock to Welcome  
the Vessel.

BEEN "LOAFING AT HALF  
SPEED" BECAUSE OF FOG

Although Delayed by Strong  
Head Winds, Ship Is Expected  
to Arrive on Time.

WIRELESS PROGRESS OF BOAT

J. Harry Philbin, Personal  
Representative of Admiral Benson,  
Wires He Will Be Here.

Despite the fact that the Lake  
Frances cast off at New York two  
hours behind time and, since leaving  
Sandy Hook, has experienced a  
fierce fog and strong head winds,  
the steamer, soon to be rechristened  
the City of Richmond, will arrive  
in this city according to schedule this  
afternoon at 5 o'clock. Late yesterday  
afternoon the vessel was re-  
ported fifty miles northeast of Cape  
Charles in a radiogram received here  
by H. W. Ellerson, vice-president of  
the Richmond-New York Steamship  
Company. The boat was on time to  
the minute.

This makes the position of the  
ship eighty miles from Newport  
News, where it was expected to dock  
between midnight and 1 o'clock. The  
Lake Frances will proceed up the  
James River between 3 and 4 o'clock  
this morning and will easily arrive  
here on the scheduled time, it was  
said last night.

City Fathers Will Greet Ship.  
At 9:30 o'clock this morning the  
Council Committee on Rivers, Har-  
bor and Dock and the committee on  
city tug and wharf, with a party of  
distinguished citizens, will travel down  
the river to City Point to meet the  
ship and escort it in.

J. Harry Philbin, in charge of the  
ship's division of the United States  
Navy, will be in charge of the  
representing Admiral Benson, will be  
in Richmond today to look over the  
behavior of the ship in fresh water.  
The experiment is being watched  
with great interest by the Ship-  
ping Board. It is said, as there are  
a number of slight vessels which  
are to be disposed of, Commander  
John Q. Lovell, U. S. N., retired, also  
will be in Richmond today to at-  
tend the ceremonies.

Hopewell to Sing Welcome.  
Invitation was received here yes-  
terday from the Hopewell ship line  
asking that the city be represented  
at Hopewell today, where a big cele-  
bration is to be held when the ship  
sails past the port. The town is  
to be thrown open to visitors and  
refreshments are to be served. The  
president of the Chamber of Com-  
merce personally will see the invita-  
tion.

James P. Ryland, secretary of the  
Richmond-New York Steamship Com-  
pany, stated last night that the  
names of the two newly acquired  
ships probably will be changed to  
the City of Richmond and the City  
of Petersburg. No objection is  
being raised by the Shipping Board.  
There is agitation here to rechristen  
the Lake Frances the City of  
Richmond and the Lake Sterling the  
City of Petersburg.

Wireless Ship's Progress.  
Officials of the line here were kept  
in touch all day yesterday with the  
captain of the ship, who reported by  
wireless several times. The ship is  
coming to Richmond without a  
full cargo, in view of the fact that  
it is the first voyage and that much  
trouble has been experienced with  
lighter service in New York City  
harbor.

Mr. Ryland stated yesterday that  
this condition will be remedied today,  
and that in future no trouble is ex-  
pected to be experienced from this  
source. The service in the harbor  
nearly stated that the ship is leav-  
ing on a capacity cargo, but it will be  
loaded to the gunwales on the return  
trip, as a large cargo already has  
been accumulated here. Naming of  
the second vessel after Petersburg  
will be in honor of the Cockade City  
and in raising the necessary part  
of the funds to back the enterprise  
and as a compliment to the city.

Long-distance telephone messages  
from New York City last night indi-  
cated that J. P. Magill, of the Magill-  
Harris Company, will arrive in Rich-  
mond today.

Notable men, including Mayor  
George Ansie, Governor Westmore-  
land Davis and members of his staff  
and a number of prominent citizens  
of the city will be at the dock this  
afternoon to witness the arrival of  
the Lake Frances. A band will be  
at the dock, and other ceremonies  
have been arranged for the occasion.

FOUR HUNDRED JAPS DROWN  
Houses Demolished and Crops De-  
stroyed by Floods in Saghalien  
Island.

TOKYO, August 15.—Four hundred  
persons were drowned in the recent  
floods in Saghalien Island, it was  
announced today.

## Girls Tango and Champagne Corks Pop at Deauville Grand De Prix Races

(By Universal Service.)  
DEAUVILLE, FRANCE, August  
15.—In an orgy of gambling, dance-  
ing and champagne drinking, un-  
surpassed in the records of even  
this "modern Babylon," Deauville's  
second great week-end  
ended tonight. A crowd estimated  
at 150,000 watched the running of  
the Deauville Grand De Prix, known  
as the "millionaire Special," owing to the fact that  
it has never been won by a horse  
not owned by a millionaire.  
The French-American colony was  
out in force and in such a  
crush that Mrs. Peter Cooper Hewitt,  
with 115,000 francs, was the only  
winner in a box quite unavowedly  
of the presence in the adjoining box  
of Mrs. Peter Cooper Hewitt, I.  
The greatest sensation of the  
day was Mademoiselle Spicely,  
attired in a gown made in New  
York, who, after a long and  
dramatic race, was added to  
the sensation, when she declared  
fifth Avenue to be "more chic"  
than Rue de la Paix.  
The second sensation of the day  
was the appearance of girls be-  
longing to the Paris younger set,  
attired in one-piece bathing suits  
and defying convention with the  
argument: "It is moral to wear  
them on the beach half a mile  
away, it is moral to wear them  
here."

The betting broke all records.  
The ten and fifty franc booths  
were almost deserted, while  
thronged of flanneled men and be-  
dazzled women clamored  
around the 1,000-franc booths.  
Between the races the course  
was alive with gay tangoing men  
and women. Finally the stewards,  
at a hastily called meeting, or-  
dered the track cleared, saying it  
was not a "dance hall."  
Other Americans present in-  
cluded the Princess Murat, Mrs.  
Herman Goetz, Mr. and Mrs.  
Lamontagne, Mr. and Mrs. A. R.  
Macomber, Judge Aaron Levy, who  
left after the second race to catch  
the Aquitania, which sails late to-  
day, Mr. and Mrs. George Mc-  
Collough, Mrs. G. Newstadt, Fred-  
erick Glanville and Louis Weber,  
all of New York.  
After the races the usual "twi-  
light frolic" was indulged in by  
hundreds attired in one-piece  
bathing suits.

## MISS THEODORA BOOTH MARRIED TO WAR HERO

Daughter of Salvation Army Com-  
mander Becomes Wife of Lieu-  
tenant Jose A. Montee.

MET DURING ARGONNE DRIVE

Romance Follows Attempt on Part  
of Young Officer to Rescue Fallen  
U. S. Aviator From Ice Waters  
of Moselle River.

(By Universal Service.)  
NEW YORK, August 15.—A be-  
lated announcement of the romantic  
marriage of Miss Theodora Booth,  
daughter of General and Mrs. Bal-  
lington Booth, of the Volunteers  
of America, to Lieutenant Jose A. Mon-  
tee, an American expeditionary  
force hero, was made by the bride's  
parents today. The marriage took  
place on July 30.  
It related that Miss Theodora  
first glimpsed her husband as he  
struggled in the icy waters of the  
Moselle in an effort to rescue Rod-  
erick Cox, an aviator comrade at  
arms. Miss Booth and her mother had  
chanced to pause on the bank of the  
river in the course of a tour of the  
shell-torn battle areas and the Ger-  
man territory tenanted by Ameri-  
can troops.  
Subsequently Miss Booth met Lieut-  
enant Montee at his home in Su-  
perior, Wis. She urged him to visit  
the Booth residence in Blue Point,  
Long Island. The visit was made and  
proved to be the event which brought  
about the marriage of the two young  
people.  
Lieutenant Montee served twenty  
months with the American expedi-  
tionary force. He was decorated for  
bravery at the Argonne and served as  
a peace conference courier.

## MILLIONS IN GEMS ARE SMUGGLED INTO U. S.

Trial of Martens Exposes Great Value  
of Jewels Brought in by  
Courier System.

(By Universal Service.)  
WASHINGTON, August 15.—The  
value of the jewels smuggled into this  
country through an alleged courier  
system as disclosed in the proceed-  
ings to deport Ludwig C. A. Mar-  
tens, the Soviet ambassador, is far  
greater than has been supposed.  
"Every part of entry is being  
watched by the Soviet jeweler," re-  
sponding to the question of the  
couriers," stated J. Hoover, spe-  
cial Assistant Attorney-General to-  
night. "In the case of jewels smug-  
gled in by the Swedish sailor men-  
tioned this past week, 231 instead of  
131 stones, valued between \$40,000 and  
\$50,000, were brought in. The total  
may run into millions."  
"All the 231 stones were diamonds.  
They had been taken from settings  
such as rings, necklaces and the like.  
They were clear and valuable stones.  
One was of a size to indicate that it  
might have come from the imperial  
jewels."

## DR. ROLLER BRINGS 20 MILLION DOLLAR BABY INTO WORLD

Skilful Surgeon Is Known in  
Richmond As Scientific  
Wrestler.

(Special to The Times-Dispatch.)  
NEW YORK, August 15.—Dr. Ben-  
jamin P. Roller, known to wrestling  
fans of Richmond and other cities of  
America as one of the cleanest and  
most scientific sportsmen who ever  
met an opponent on the mat, has re-  
turned to his old profession of sur-  
gery with vim.  
The distinguished surgeon and mat  
artist performed a Caesarean opera-  
tion Saturday morning at the Tatum  
Sanatorium, 203 West Seventh  
Street, as the result of which there  
is a new \$20,000,000 baby in New  
York. The mother of the child is  
Mrs. Marcus Daly, Jr., a sister-in-  
law of the former ambassador to  
Germany, James W. Gerard. Both  
Mrs. Daly and the child are doing  
well.  
The mother was married to Marcus  
Daly, Jr., son of the copper king,  
about a year ago. The ceremony was  
performed at the Church of the As-  
sension by Rev. Percy Stickney  
Grant. The Daly estate is estimated  
at considerably more than \$20,000,000.

## BOTH SIDES ARE ANXIOUS IN FIGHT IN TENNESSEE

Lower House Will Certainly Make  
Disposition of Question by  
Tuesday Night.

OUTCOME IS VERY DOUBTFUL

Rival Faction Kept Headquarters  
Open All Day Sunday, With Ex-  
ception of Few Hours, for the  
Last Supreme Effort.

(By Associated Press.)  
NASHVILLE, TENN., August 15.—  
Predictions tonight that the Tennessee  
House of Representatives would have  
disposed of the woman suffrage ques-  
tion by Tuesday night were made in  
all quarters, but whether the House  
would concur in the action of the  
Senate Friday and ratify the amend-  
ment, or whether it would refuse to  
do so was beclouded in uncertainty.  
The Speaker, Seth Walker, leader of the  
opposition, said tonight he was "reason-  
ably sure" of rejection. Miss Sue  
White, president of the Tennessee  
branch of the National Woman's par-  
ty, said the issue was undecided.  
The suffrage leaders still were con-  
fident of the outcome, but the number  
of those who held that the result  
would not be known until after the  
House had balloted seemed to be in-  
creasing.

The committee on constitutional  
conventions and amendments, to which  
was referred the ratification resolu-  
tion, will meet tomorrow night to  
discuss the measure and a report to  
the House was expected Tuesday  
morning.  
Appeal Speaker's Ruling.

## LOOPS PLANE 87 TIMES, THEN POWERS HER NOSE

Laura Bromwell Sets New World's  
Record for Women in World

(By Universal Service.)  
NEW YORK, August 15.—What is  
fame and a world's record in aviation  
when you have a shiny nose? Noth-  
ing at all. This is the belief of Miss  
Laura Bromwell, who, after looping  
the loop eighty-seven times and set-  
ting a new world's record for a  
woman this afternoon, nonchalantly  
leaned out of the fuselage of her bi-  
plane and begged one of her me-  
chanics to "please hand her a pow-  
der puff." The occasion of the flight  
was the dedication of the new Cur-  
tiss field at Hazelhurst, formerly the  
training field for army aviators.  
The nearest record is twenty-five  
times, established by a French woman,  
Ruth Law, held the American record  
of twenty-four times.  
When told she had looped eighty-  
seven times she exclaimed, "my good-  
ness you are all wrong on the num-  
ber. I counted over one hundred  
myself." When he explained to her  
that the first loops were invisible  
from the ground she took it in good  
spirit. "Oh, well, eighty-seven is  
enough, I guess," she said.

## H. C. L. Drives Parents to Offer Child for Sale

(By Universal Service.)  
OAK PARK, ILL., August 15.—  
"Child for sale, beautiful girl, four  
years old, blue eyes, Auburn hair,  
excellent health and charming dis-  
position. Legitimate parentage.  
High cost of living makes sale  
necessary. Communications should  
be addressed H-30."  
This advertisement appearing in  
a local weekly paper aroused much  
indignation. More than a score of  
complaints were made to the  
police.

## ATTEMPTED ARREST OF COX PROBABLY 'FRAMED-UP' AFFAIR

Nominee's Party Stopped  
in Ohio Village by Mo-  
torcycle Officers.

GOVERNOR REFUSED TO  
SUBMIT TO ARREST

Speeding Charge Likely an Ef-  
fort to Embarrass Candidate.  
Tidings of Bryan Heard.

COLUMBUS, OHIO, August 15.—An  
unsuccessful attempt to arrest Gov-  
ernor Cox on a charge of automobile  
speeding and a harmless escapade  
to one of the cars of newspaper men  
accompanying him furnished excite-  
ment today in the motor trip of the  
Democratic presidential candidate re-  
turning from Wheeling, W. Va.  
The attempt to arrest the Governor  
and his party was declared by Roy  
E. Leyton, Adjutant-General of Ohio,  
who accompanied the Governor, to  
have been planned by Republicans to  
embarrass the Democratic nominee.  
General Leyton said that a warning  
of the plan had been received yes-  
terday. At Jackson, Ohio, about  
thirty-two miles east of Columbus,  
the Governor and his party rode  
slowly through, disregarding out-  
stretched arms of a shirt-sleeved man,  
and also a large group of persons  
gathered there. Within a few min-  
utes two motorcycle officers stopped  
the cars of the Governor and ordered  
correspondents, declaring all under  
arrest and demanding their return to  
Jackson. Governor Cox identified  
himself, but the officers said they  
had orders from Jackson to arrest  
all persons accompanying the Govern-  
or, who accompanied the Governor, to  
have been planned by Republicans to  
embarrass the Democratic nominee.

## SOVIETS DREAM OF CONQUEST OF UNITED STATES

SEEK GERMAN ALLIANCE  
TO MAKE WAR ON FRANCE

Will Ask Permission of Berlin  
to Transport Troops Across  
Teuton Territory.

(By Associated Press.)  
KOLNO, POLAND (By Courier to  
Dietlowen, East Prussia), August 15.—  
Soviet Russia intends to seek an al-  
liance with Germany to make war on  
France, and if this is successful, to  
undertake a conquest of England and  
eventually America, officials of the  
Bolshevik regime told the Associated  
Press here today.  
As soon as the Polish war, which is  
considered a purely Russian business,  
has been finished, a note will be sent  
to Berlin, they declared, demanding  
permission to transport troops across  
Germany for the French campaign.  
Upon refusal of this request, which is  
taken for granted, a revolution will  
be instituted in Germany, the success  
of which the Bolsheviks asserted they  
were prepared to assure by force of  
arms.  
With these ends in view, the Rus-  
sian soldiers, who have been told that  
all wars shall cease with ultimate  
victory over the Poles, are being sub-  
jected to a vigorous propaganda  
which declares that French will be  
shot on sight, but that the Germans  
are ends who soon will become  
comrades of the Bolsheviks. These  
admissions have been corroborated by  
information gathered by the corre-  
spondent in conversation with Ger-  
man representatives of East Prussian  
newspapers, who had interviews with  
Bolshevik army chiefs at the front.

Predicts Victory in Poland.  
The Bolshevik leaders declared that  
within three weeks they will be in  
complete control of Poland, including  
the Polish corridor, which they in-  
tend to occupy, leaving a ten kilo-  
meter zone about Danzig.  
When the correspondent reached  
here after surreptitiously crossing  
the border at Czerwonka and employ-  
ing the aid of Poles and a farm  
wagon filled with straw, he called on  
the Polish Soviet commissary who re-  
sponded to the correspondent's ques-  
tions. The commissary, Hans Scher-  
nowski, the commissary, is a Polish  
Jew with protruding eyes and a  
blond mustache, and wears a white  
collar. He acknowledged the corre-  
spondent's greeting and then sat down  
at his dinner table, completely ig-  
noring the American.  
At the commissary's side through-  
out the meal and during the corre-  
spondent's visit, a Russian soldier,  
armed with a revolver, stood watch,  
and all conversation was interpreted  
to him in Russian. The commissary's  
assistant, who was a former German  
officer, said this Russian was a  
Soviet representative who watched all  
business transacted by Scharnowski  
and reported to the Soviet central  
government, although he never in-  
terfered with the commissary's pro-  
cedure.  
Ate Excellent Dinner.  
When the commissary finished his  
meal, which consisted of soup, a steak  
smothered with onions, potatoes and

## THREE DANVILLE BOYS INSTANTLY KILLED BY A BOLT OF LIGHTNING

Other Youths Who Took Re-  
fuge in Shed Were Also  
Severely Shocked.

(By Associated Press.)  
DANVILLE, VA., August 15.—  
Oakley Nelson Young, 16; Floyd  
Adams, 13, and Jap Sigman, 12, were  
killed by lightning in front of a  
barn a mile and a half south of this  
city this afternoon.

The boys had taken shelter under  
a shed.  
Three others, who went into the  
barn, were severely shocked by the  
same bolt.  
One of the latter trio recovered  
sufficiently to crawl to a neighboring  
dwelling and report the tragedy.

## CHAIN ARMOR WORN UNDER SHIRT SAVES PREMIER OF GREECE

Five Bullets From Revolver of  
Assassin Fail to Penetrate  
Ancient Corselet.

(By Universal Service.)  
PARIS, August 15.—A three-piece  
suit of chain armor, worn beneath  
the shirt of Eleutherios Venizelos,  
Premier of Greece, was responsible  
for the failure of his would-be as-  
sassin to kill him when they fired  
five shots point-blank as he was leav-  
ing the Lyons railway station in Paris.  
All five of the bullets struck, but  
only one which split into four pieces  
did any damage. It inflicted minor  
wounds. These facts were revealed  
today, and in this connection it is  
generally known that King George  
V. of Great Britain wears a similar  
suit. The Italian King, though pre-  
ferring for a long time has finally  
adopted the policy of wearing armor  
when in Rome.  
The attempted assassination of  
Venizelos, police investigation here  
has revealed today, was part of a  
vast plot hatched in Switzerland to  
restore King Constantine to the  
throne.  
That the killing itself was planned  
with utmost detail is shown by the  
fact that two Greeks, charged with  
shooting Venizelos on sight, were  
posted at every entrance and exit to  
the Lyons station. It is affirmed that  
the Premier had been shadowed all  
the way from Athens by assassins.

## FATE OF WARSAW HANGS ON TERRIFIC FIGHT NOW RAGING ON A 700 KILOMETER FRONT

Women Breaks World's Target Record  
at 1,000 Yards With Perfect Score

(By Associated Press.)  
CAMP PERRY, OHIO, August  
15.—Tabulation today of yester-  
day's scores in the National Rifle  
Association shoot here showed a  
second world's record to have  
been broken during the day. Mrs.  
Mary Crossman, wife of Captain  
E. C. Crossman, of Washington,  
D. C., made a perfect score of ten  
bull's-eyes on the 1,000-yard  
range in the adjutant-general's  
cup match. Such a score has never  
before been made by a woman  
at this range. Mrs. Crossman  
scored thirty-one out of a possi-  
ble fifty on the 600-yard range,  
with a strong wind blowing, and  
will probably place for some of  
the prize money.  
It was in the same match that  
John W. Headman, of the New  
York A. C., made his world's re-  
cord of forty-two consecutive  
bull's-eyes and won first place  
yesterday.

Captain E. C. Crossman, of  
Washington, D. C., and Sergeant  
T. E. Vereer, United States In-  
fantry, tied for second in the  
adjutant-general's match, accord-  
ing to today's tabulation, which  
shows each with a possible of  
100 and four additional bull's-eyes  
for the entire course. Captain G.  
L. Watkins, of the Small Arms  
Firing School, was fourth, and  
Gustaf J. J. Andrews, of the  
U. S. M. C., fifth.

In the trap-shooting event this  
afternoon, preparatory to tomor-  
row's shot gun events, Lester  
German, Washington, D. C., was  
high man, with forty-five birds  
out of a possible fifty; Fred Gil-  
bert, of Sparta Lake, Iowa, was  
next, with forty-four, and Wil-  
liam Huff, Macon, Ga., third, with  
forty-one.

Bolshevik army chiefs at the front.

Predicts Victory in Poland.  
The Bolshevik leaders declared that  
within three weeks they will be in  
complete control of Poland, including  
the Polish corridor, which they in-  
tend to occupy, leaving a ten kilo-  
meter zone about Danzig.  
When the correspondent reached  
here after surreptitiously crossing  
the border at Czerwonka and employ-  
ing the aid of Poles and a farm  
wagon filled with straw, he called on  
the Polish Soviet commissary who re-  
sponded to the correspondent's ques-  
tions. The commissary, Hans Scher-  
nowski, the commissary, is a Polish  
Jew with protruding eyes and a  
blond mustache, and wears a white  
collar. He acknowledged the corre-  
spondent's greeting and then sat down  
at his dinner table, completely ig-  
noring the American.  
At the commissary's side through-  
out the meal and during the corre-  
spondent's visit, a Russian soldier,  
armed with a revolver, stood watch,  
and all conversation was interpreted  
to him in Russian. The commissary's  
assistant, who was a former German  
officer, said this Russian was a  
Soviet representative who watched all  
business transacted by Scharnowski  
and reported to the Soviet central  
government, although he never in-  
terfered with the commissary's pro-  
cedure.

Ate Excellent Dinner.  
When the commissary finished his  
meal, which consisted of soup, a steak  
smothered with onions, potatoes and

## THREE DANVILLE BOYS INSTANTLY KILLED BY A BOLT OF LIGHTNING

Other Youths Who Took Re-  
fuge in Shed Were Also  
Severely Shocked.

(By Associated Press.)  
DANVILLE, VA., August 15.—  
Oakley Nelson Young, 16; Floyd  
Adams, 13, and Jap Sigman, 12, were  
killed by lightning in front of a  
barn a mile and a half south of this  
city this afternoon.

The boys had taken shelter under  
a shed.  
Three others, who went into the  
barn, were severely shocked by the  
same bolt.  
One of the latter trio recovered  
sufficiently to crawl to a neighboring  
dwelling and report the tragedy.

## CHAIN ARMOR WORN UNDER SHIRT SAVES PREMIER OF GREECE

Five Bullets From Revolver of  
Assassin Fail to Penetrate  
Ancient Corselet.

(By Universal Service.)  
PARIS, August 15.—A three-piece  
suit of chain armor, worn beneath  
the shirt of Eleutherios Venizelos,  
Premier of Greece, was responsible  
for the failure of his would-be as-  
sassin to kill him when they fired  
five shots point-blank as he was leav-  
ing the Lyons railway station in Paris.  
All five of the bullets struck, but  
only one which split into four pieces  
did any damage. It inflicted minor  
wounds. These facts were revealed  
today, and in this connection it is  
generally known that King George  
V. of Great Britain wears a similar  
suit. The Italian King, though pre-  
ferring for a long time has finally  
adopted the policy of wearing armor  
when in Rome.  
The attempted assassination of  
Venizelos, police investigation here  
has revealed today, was part of a  
vast plot hatched in Switzerland to  
restore King Constantine to the  
throne.  
That the killing itself was planned  
with utmost detail is shown by the  
fact that two Greeks, charged with  
shooting Venizelos on sight, were  
posted at every entrance and exit to  
the Lyons station. It is affirmed that  
the Premier had been shadowed all  
the way from Athens by assassins.

Women Breaks World's Target Record  
at 1,000 Yards With Perfect Score

(By Associated Press.)  
CAMP PERRY, OHIO, August  
15.—Tabulation today of yester-  
day's scores in the National Rifle  
Association shoot here showed a  
second world's record to have  
been broken during the day. Mrs.  
Mary Crossman, wife of Captain  
E. C. Crossman, of Washington,  
D. C., made a perfect score of ten  
bull's-eyes on the 1,000-yard  
range in the adjutant-general's  
cup match. Such a score has never  
before been made by a woman  
at this range. Mrs. Crossman  
scored thirty-one out of a possi-  
ble fifty on the 600-yard range,  
with a strong wind blowing, and  
will probably place for some of  
the prize money.  
It was in the same match that  
John W. Headman, of the New  
York A. C., made his world's re-  
cord of forty-two consecutive  
bull's-eyes and won first place  
yesterday.

Captain E. C. Crossman, of  
Washington, D. C., and Sergeant  
T. E. Vereer, United States In-  
fantry, tied for second in the  
adjutant-general's match, accord-  
ing to today's tabulation, which  
shows each with a possible of  
100 and four additional bull's-eyes  
for the entire course. Captain G.  
L. Watkins, of the Small Arms  
Firing School, was fourth, and  
Gustaf J. J. Andrews, of the  
U. S. M. C., fifth.

In the trap-shooting event this  
afternoon, preparatory to tomor-  
row's shot gun events, Lester  
German, Washington, D. C., was  
high man, with forty-five birds  
out of a possible fifty; Fred Gil-  
bert, of Sparta Lake, Iowa, was  
next, with forty-four, and Wil-  
liam Huff, Macon, Ga., third, with  
forty-one.

SEEK GERMAN ALLIANCE  
TO MAKE WAR ON FRANCE

Will Ask Permission of Berlin  
to Transport Troops Across  
Teuton Territory.

(By Associated Press.)  
KOLNO, POLAND (By Courier to  
Dietlowen, East Prussia), August 15.—  
Soviet Russia intends to seek an al-  
liance with Germany to make war on  
France, and if this is successful, to  
undertake a conquest of England and  
eventually America, officials of the  
Bolshevik regime told the Associated  
Press here today.

As soon as the Polish war, which is  
considered a purely Russian business,  
has been finished, a note will be sent  
to Berlin, they declared, demanding  
permission to transport troops across  
Germany for the French campaign.  
Upon refusal of this request, which is  
taken for granted, a revolution will  
be instituted in Germany, the success  
of which the Bolsheviks asserted they  
were prepared to assure by force of  
arms.  
With these ends in view, the Rus-  
sian soldiers, who have been told that  
all wars shall cease with ultimate  
victory over the Poles, are being sub-  
jected to a vigorous propaganda  
which declares that French will be  
shot on sight, but that the Germans  
are ends who soon will become  
comrades of the Bolsheviks. These  
admissions have been corroborated by  
information gathered by the corre-  
spondent in conversation with Ger-  
man representatives of East Prussian  
newspapers, who had interviews with  
Bolshevik army chiefs at the front.
